GIBBS™ DOES IT ALL

- 🔥 Deep Cleaner
- 🔥 Mega Penetrant
 - 🔥 Ultra Lubricant
 - 🔥 Corrosion Inhibitor
 - 🔥 Water Repellent
 - 🔥 Surface Preservative

**OUTLASTS AND
OUTPERFORMS ALL
OTHER BRANDS**

Made in the USA

GIBBS™ Increases the life and operating efficiency of parts, equipment, and tools.

ONE PRODUCT DOES IT ALL!

GIBBS™ Brand Lubricant is the first patented product of its kind designed to lubricate, stop and eliminate corrosion, displace moisture, penetrate, clean, and provide long-lasting protection. Its revolutionary formula is the only product on the market today that **does it all!**

Originally developed in 1969 by Paul Gibbs, a Harley-Davidson mechanic, to use in the marine, automotive, and cycle industry, **GIBBS** is a supreme penetrating, multi-surface conditioner that works in all temperatures. The unique release valve nozzle dispenses lubricant exactly where you want it without drips or runs.

CLEANS

🔥 The build-up and adhesion of all types of soils and contaminants, including varnish, carbon deposits, chemical residues, sludge and rust; or material that is generated externally, such as scale, welding slag, rust, and machining and metal debris.

PENETRATES

🔥 To free rusted, corroded frozen parts and fasteners like nuts, bolts, fittings, valves, locks and other rotating parts. Restores metal to its original shine.

PROTECTS

🔥 Against rust and corrosion and keeps parts friction-free leaving behind a microscopic protective film that remains on the metal even after repeated use, harsh environmental conditions, and long-term storage. Seals moisture out - puts lubricant in.

LUBRICATES

🔥 All moving parts such as wheel bearings, hinges, rollers, chains, and gears and completely waterproofs machinery wiring, ignition systems, and circuitry.

GIBBS™ REPLACES ALL OTHER PRODUCTS

- 🔥 Silicones
- 🔥 Penetrants
- 🔥 Degreasers
- 🔥 Belt Dressings
- 🔥 Contact Cleaners
- 🔥 Spray-on Lubricants
- 🔥 White Lithium Grease
- 🔥 Carburetor Cleaners
- 🔥 Ignition Wire Driers

GIBBS™ IS SAFE!

- 🔥 Non-toxic
- 🔥 Non-staining
- 🔥 Contains no waxes, silicones, Teflon, graphite, or kerosene.

It's even safe to use on glass, plastic, leather, rubber, nylon, and wood!

How to Order

GIBBS™ BRAND LUBRICANT

Cars, Trucks & Cycles

Restoration, detailing, all repair—use on nuts, bolts, bleeders, cables, stuck engines, shocks, and crankcases. Seals off ignition systems and wiring, and protects connectors from oxidation. Removes chrome rust and surface pitting. Protects master cylinders and other bare metal surfaces.

Firearms & Weapons

Highly acclaimed in the weapons industry, **GIBBS** has a well-proven track record with the F.B.I., the D.E.A., U.S. Marshals Service, and both the Chicago and Detroit Police Departments. **GIBBS** improves all firearm action, reduces bore wear, and keeps mechanisms clean and corrosion free without harming the primer.

Use **GIBBS™** on the job, at home, on the farm, and in sports and recreation.

ONE PRODUCT DOES IT ALL!

Who uses **GIBBS™**

- ◆ Range & Law Enforcement Officers
- ◆ Military Personnel
- ◆ Automotive Mechanics
- ◆ Mechanical Tradesman
- ◆ Lubrication Specialists
- ◆ Truckers
- ◆ Farmers
- ◆ Bikers
- ◆ Machine Rebuilders & Restorers
- ◆ Antique Car & Machine Collectors
- ◆ Sportsmen
- ◆ Homeowners

Home Maintenance & Recreation

Lubricates door locks, handles and hinges, window tracks and latches, garage doors, chrome bathroom fixtures, pipes, table legs, heaters and plumbing. Protects lawn mowers, gardening and landscaping tools from corrosion, extending their life and keeping them working reliably.

Degrease, clean, and prepare aluminum and carbon arrow shafts.

Outdoorsmen are guaranteed a great day in the field when they use **GIBBS** on hunting, fishing, and camping gear. Protects and lubricates reels to run quieter and give them a lifetime of smooth operation. Softens and lubricates line and improves casting distance. Increase string life by reducing friction when firing your crossbow.

Power, Sailing & Fishing Boats

Will not wash off in fresh or salt water Making it the ideal lubricant for your boat, trailer and dockside equipment. Cleans and revitalizes the surfaces of marine metals, including aluminum, stainless, chrome, bronze, brass, and copper. Works on inboards, outboards, and I/O steering cables. Provides a good running lube on wheel bearings, winder ratchets, anchor chain reels, and all hinges.

Farming

Penetrates and lubes all moving parts and completely waterproofs: tractor and machinery wiring, ignition systems, gears, and chains on bailers, combines, grain drills, cultivators, com pickers, elevators, feeders, mills, and fertilizer equipment.
